

Patty Katz

Patty's passion for the environment led her to establish and chair the Reach Out America Green Committee.

In conjunction with some of North Hempstead's elected officials, she developed and presented "Guilt Free Green", an educational seminar to help residents reduce their carbon footprint and make greener choices in their home and work environments.

Patty was appointed to the Nassau County Environmental Legacy Fund by then-North Hempstead Supervisor Jon Kaiman, and was recipient of the 19th Annual May W. Newburger Women's Roll of Honor Award for 2012.

She is also the found of the Light Alliance Foundation (LAF), a non-profit organization dedicated to bringing together individuals from diverse communities and promoting environmental awareness through action._
